hogwash by repugnant bovines of the cabal with gifted  
scribe skills to twist any pleadings into their favor as  
this political persecution continues under your administrative  
statutory color of law fraud for suspecting volunteers who  
can't think outside the box, i'am being denied due  
process and equal protection of law on several fronts,  
one, being the denied administrative agency adjudicative  
hearing and declaratory order requested in a petition  
to the united states attorney general, Merrick Garland,  
the second would be James O Browning not granting  
requested hearings for three notices of which two

were motions and one for postponement and continuence of sentencing hearing so pro se agent could exhaust his administrative remedies in the defense of the principle corporate tradename of a deceased entity of artificial means, these due process and equal protection of law violations are a complete vicious abrogation of due process and equal protection of law rights guaranteed by the constitutional guidelines that statutory administrative color of law has to adhere by rule of law in our nation at this given time in humanities quest to be free of any tyrannt rule of a king, i object to the recently filed order and supplement memorandum of James O Browning

and undersigned counsel Joe Romero Jr for i'am  
being denied due process and equal protection of  
law, i'am not subject to the code(s), no production  
of final determination, no hearings, no orders,  
no subject matter jurisdiction, this matter must  
be dismissed, any judgements entered are null  
and void upon a due process violation, James O  
Browning must adhere to the rule of law and  
dismiss this matter immediately.
